

Chrudim hot-water pipeline and hot-water transfer station

Data and facts

Company	PORR a.s.
Type	Pipeline construction
Runtime	06.2013 - 09.2014
Principal	Elektrárny Opatovice, a.s.

[Project report online](#)

www.porr-group.com

Heating Chrudim.

PORR was responsible for all earthworks for this project, including excavating and subsequently backfilling trenches, creating pipeline beds and demolishing and replacing asphalt surfaces, pavements and other paved areas. A 200mm thick steel-fibre concrete road surface layer was also included in the project.

Impressions

Image notes

1

Technological know-how.

One of eleven hot-water transfer stations installed by PORR within the framework of this project.

2

Optimum hot water supply for Chrudim.

A total of almost 4km of pre-insulated piping was laid.
