PORR

Art school with a special heart.

A barrier-free elevator has been installed in the northern area. The eastern part consists of storage rooms, music classrooms, the management office, the secretary of the primary school, a teachers' room with a tea kitchen, an archive and sanitary facilities for teachers.

In the western part there is a multi-purpose hall with a stage, storage and technical rooms as well as other sanitary facilities, building services rooms and a room with anteroom and shower.

Impressions

Image notes

1

For the development and support of artistically talented people.

The extension and renovation of the existing building has created a new primary art school.

2

Daylight as a central element.

Bright rooms with plenty of daylight contribute to a positive atmosphere.

3

Open architecture and natural lighting.

The promenade on the 1st floor visually relieves the building's structural mass.
